Hello,

Pinch Group of companies will be providing Christmas gifts for the kids and families of Loving Houston. Loving Houston Adoption Agency is a non-profit, Christian adoption agency licensed by the Texas Department of Family & Protective Services. They are located here locally in Houston, Texas, and provide both adoption and foster care services. Their goal is to license and equip Christian homes for the purpose of loving, nurturing, and caring for at-risk children in our city.

We are putting several fundraising events together November-December to raise the funds. We would appreciate any support you can give to help bless the kids with a good Christmas.

Thank you,

**Heather Johnson**

Director of Operations  
Flatbed & Dedicated Freight Services
